Report of the Books' Exhibition and One Day Seminar on Career Opportunities through Competitive Examination, Study Techniques and Brain Theory

15th October 2022

Introduction

Every year we celebrate the birth anniversary of former President of India Dr. A. P. J. Abdul Kalam as a “Reading Inspiration Day” (वाचन प्रेरणा दिन) by organizing book exhibition.

This year we decided to organize Seminar on ‘Career Opportunities through Competitive Examination, Study Techniques and Brain Theory’ along with a Books' Exhibition.

For the Books' Exhibition we invited distinguished publishers like S. Chand Publication, Mumbai, Sai Jyoti Publication, Nagpur and Om Sai Publishers and Distributors, Nagpur to organize exhibition of books of their publications with other publications also.

For the Seminar on ‘Career Opportunities through Competitive Examination, Study Techniques and Brain Theory’ we invited distinguished resource persons Mr. Anil

Chawakhe, Director, Ramkrushana Academy,
Yavatmal and Mr. Nilesh Dhakate, Director,
Lakshya Academy, Yavatmal.

Title of the Programme

Books' Exhibition

And

One Day Seminar on 'Career Opportunities
through Competitive Examination, Study
Techniques and Brain Theory'

Issue Addressed:

The seminar on 'Career Opportunities
through Competitive Examination, Study
Techniques, and Brain Theory' was about the
lack of knowledge and understanding of effective
study techniques and brain theory among
students and job seekers. The seminar aimed to
educate the attendees about the importance of
developing effective study habits and techniques,
as well as understanding the functioning of the

brain to maximize learning and memory retention.

The speakers highlighted the need to adopt a systematic and structured approach to studying, including time management, goal setting, and organization. They also discussed the importance of active learning and using various memory techniques such as visualization, repetition, and association to enhance retention.

Furthermore, the seminar delved into the fascinating field of brain theory and how understanding the workings of the brain can help individuals optimize their learning potential. The speakers discussed the different types of memory, learning styles, and brain plasticity, and how this knowledge can be applied to improve study habits and performance.

The seminar emphasized the importance of adopting a growth mindset and developing a lifelong love of learning to succeed in competitive exams and beyond. Overall, the seminar provided

valuable insights into study techniques and brain theory, which can help individuals achieve their career goals and realize their full potential.

Opening:

Programme starts with the ribbon cutting ceremony with gracious hands of the Chairperson of the Programme Principal Dr. V. B. Raut. As the ribbon is cut, the Books' Exhibition and Seminar on 'Career Opportunities through Competitive Examination, Study Techniques, and Brain Theory' is officially underway. The exhibition features an impressive collection of books and study materials on a wide range of competitive exams, from civil services to banking, engineering to medicine, and more. The accompanying seminar brings together experts in the field of study techniques and brain theory, providing attendees with valuable insights on how to optimize their learning potential and achieve their career goals. The event promises to be an enriching and inspiring experience for all

attendees, providing them with the tools and knowledge they need to excel in their careers.

Closing:

The Programme ended with the Vote of Thanks delivered by Mr. S. A. Dambhare (Director of Physical Education) through the programme we reflect on the knowledge gained, connections made, and inspiration received. Over the course of the event, attendees had the opportunity to browse through an impressive collection of books and study materials and attend seminars led by experts in the field. They learned about effective study techniques, brain theory, and career opportunities available through competitive exams. The event was a resounding success, and we are confident that attendees left feeling motivated and empowered to achieve their career goals. We extend our sincere thanks to all our partners, exhibitors, and attendees for making this event possible and look forward to the next edition of the Books' Exhibition and

Seminar on 'Career Opportunities through Competitive Examination, Study Techniques, and Brain Theory.'

Objectives of the Programme

Seminar

- To introduce various competitive examinations.
- To make students competent to attend competitive exams.
- To help learners make appropriate and realistic career choices and career direction.

-
- To build among students a sense of awareness, provide guidance, necessary literature, brochure, and other information about various competitive examinations.
 - To know the pattern of Various Examinations
 - To motivate the students for competitive examinations.
 - To introduce various study techniques for the success in the competitive examination
 - To build up the brain with proper guidance.

Exhibition

The main objective of book exhibition is not only getting recommendations, but it can also play an important role in developing the reading habit among users and bringing the college community together.

- The main purpose of this exhibition was to acquaint and familiarize the students to the collection available in the library. This is one

way to inculcate and promote reading habits amongst the students.

- To provide an open platform to college staff members/students to know recent editions of published books on their subject area/discipline.
- To facilitate to review and recommend the books for the Library to strengthen the collection.
- To develop the reading habits among the college fraternity.

Outcome of the Programme

- Participants came to know insightful understanding of various competitive examinations and can make them into a potential career avenue leading to fulfilling careers.
- The students are motivated for a prospective career through competitive examinations.

-
- The students are trained to think positively and are encouraged for competitive examinations.
 - Students are aware about necessary literature, other information sources about various competitive examinations.
 - Students came to know about various study techniques.
 - Students learned about how to build up the brain for competitive examinations.
 - More than 700 titles were displayed in the exhibition. Faculty members and Students visited the exhibition. Total 212 users visited the exhibition.
 - Users came to know about the variety of collections available in the market on competitive examinations and other relative subjects.
 - Many suggestions/recommendations came from faculty members as well as students,

which would be incorporated in the following book exhibitions.
